

pascalion

pascale lion

paris

Pascale Lion jewellery is born of a dialogue with material.

The designer works with chainmail, long associated with protection.

In her hands, this metal fabric takes on a fluid, luminous presence, revealing its full richness.

For more than twenty-five years, Pascale Lion has been exploring the full potential of this material, through objects, installations and jewellery, at the crossroads of technical rigour, artistic research and emotion.

Parures, long necklaces and earrings catch the light and dance with the body that wears them.

Made in France, her creations celebrate a free, sustainable and deeply contemporary elegance.

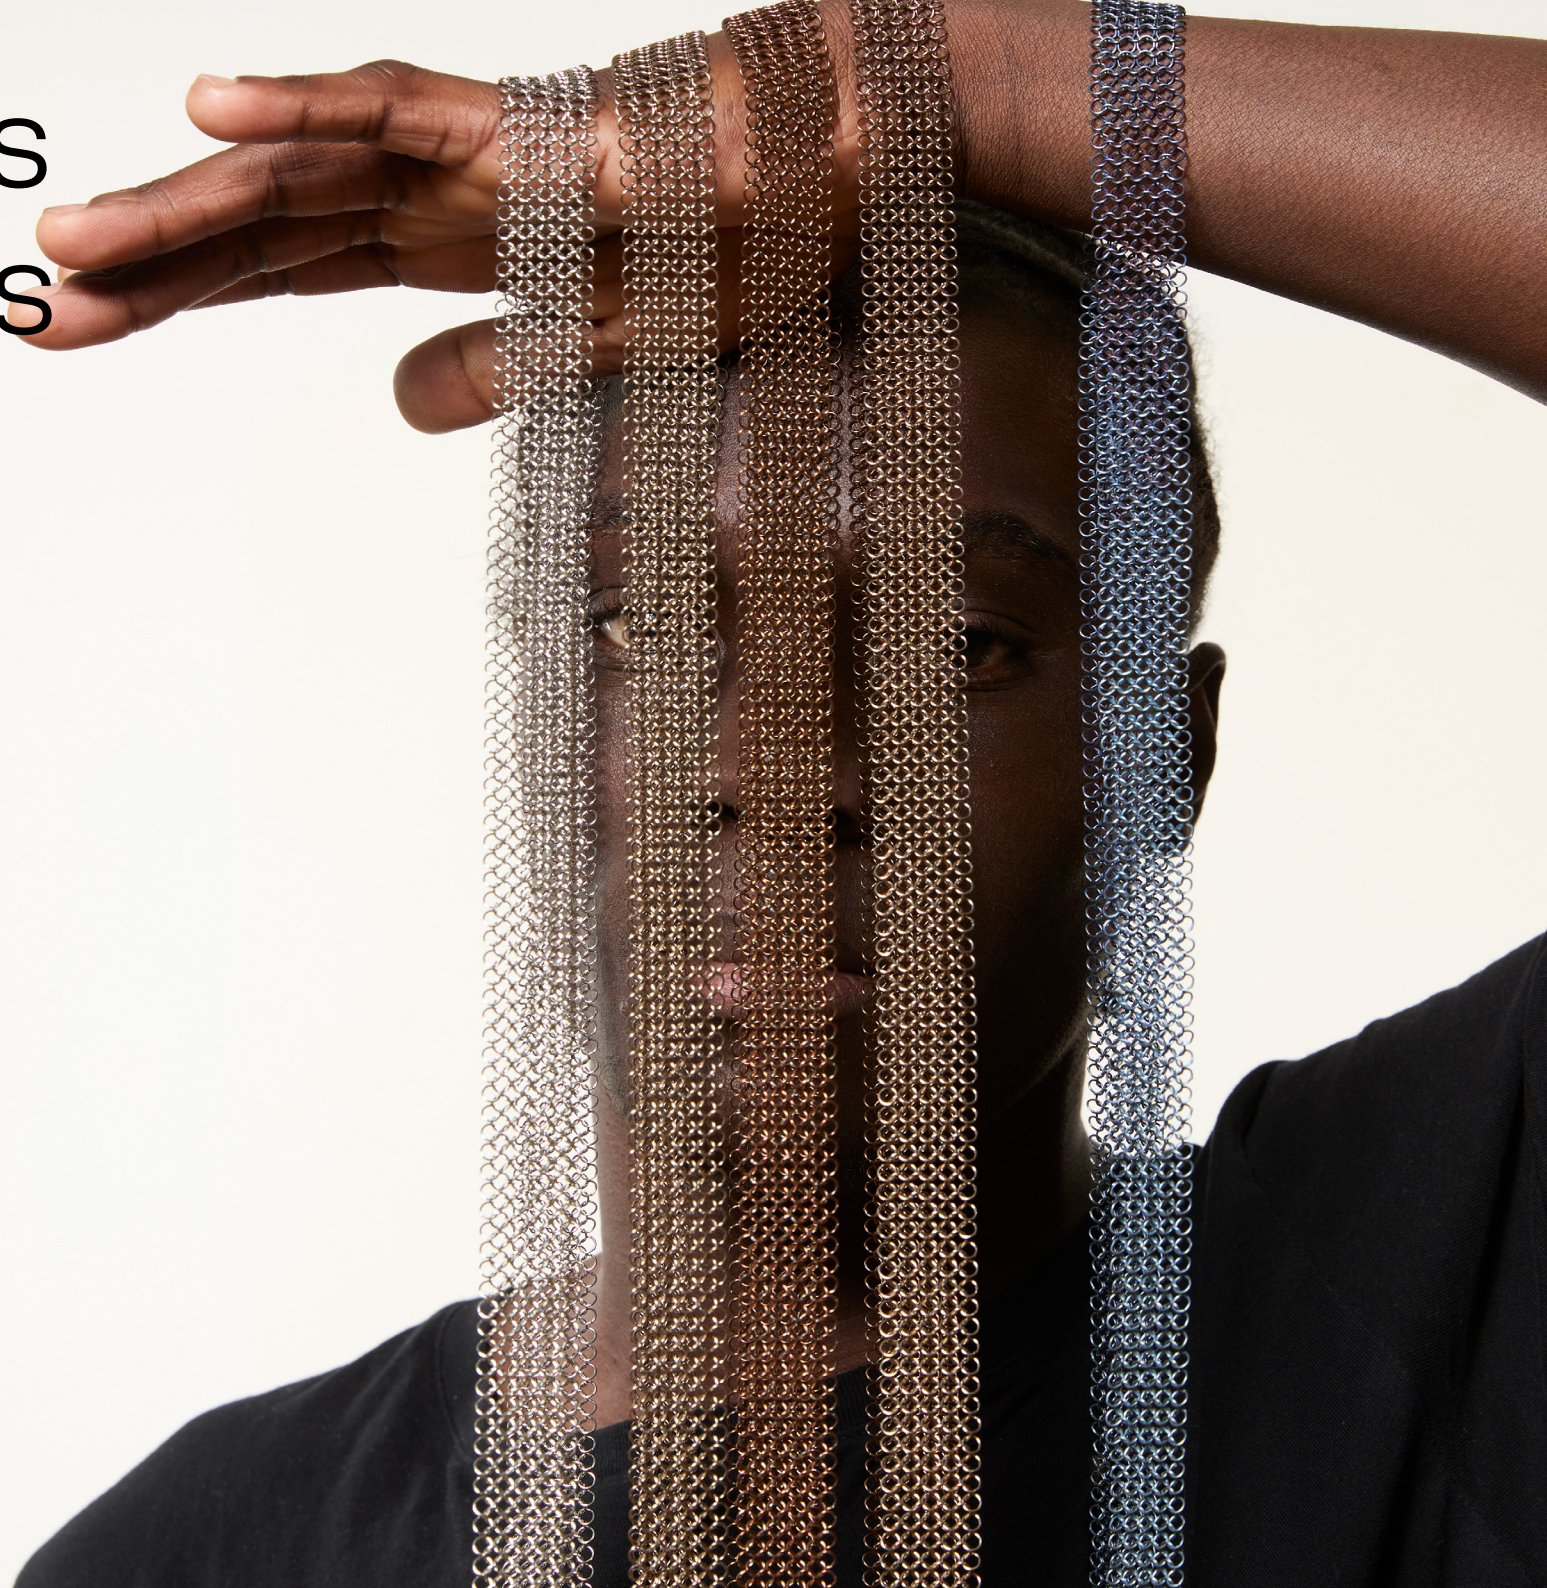

contents

This catalogue brings together the whole collection,
organised by type of jewellery.
Our recommended retail prices (inclusive of all taxes)
are based on our wholesale price x 2.8.

materials & finishes

materials and finishes

Chainmail is made from stainless steel, bronze or titanium. The nomenclature we have developed is detailed here: reference, colour and material.

AR — Silver - polished stainless steel.
Matifies slightly over time.

LIGHT — Variable — champagne, blonde, sometimes verging on grey - polished and heated stainless steel.

NU — Variable — shades of brown to blond - polished and heated stainless steel.
Each piece is unique, limited series.

CU — Variable — light brown to coppery brown, sometimes almost black.
Polished and heated stainless steel.

BR — Slightly pinkish brown - sandblasted raw bronze.
Finish: matt jeweller's varnish*.

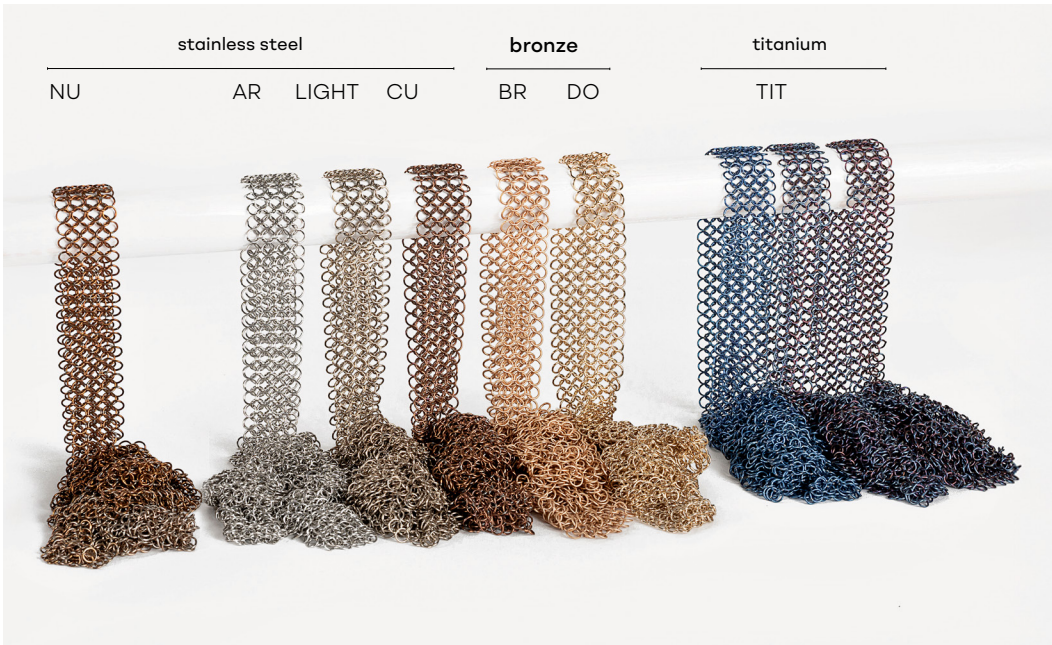

DO — Pale gold - bronze gilded with fine gold*.

TITANE — Variable — variations from bright blue to blue-grey or dark violet. Heated titanium.

The clasps and findings are made of bronze or brass. They are gilded, silvered, coppered or varnished depending on the piece.

Each series is unique, each piece is specific. Variations in color from one production run to the next and irregularities even within the same piece are inherent in the artisanal production process.

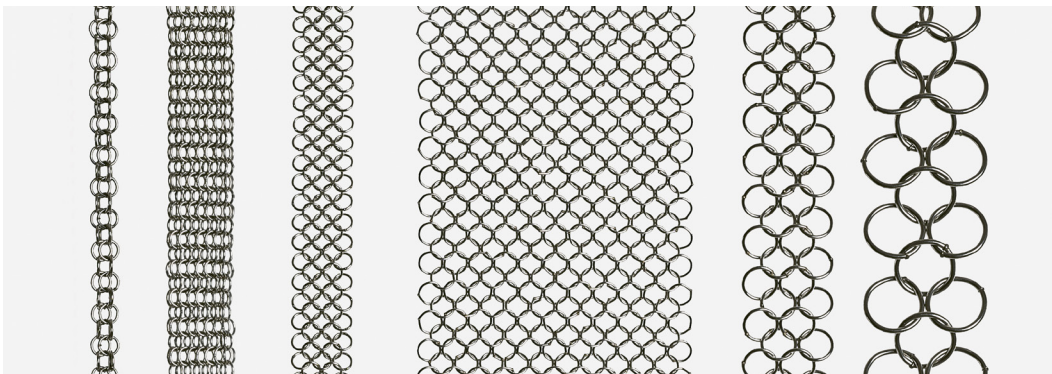

* These jewellery treatments can evolve when in contact with cosmetics or corrosive products, or with some people's skin.

Our meshes

Chainmail is made up of rings intertwined and welded. They are made of stainless steel, titanium or bronze. The size of the

rings determines the texture: fine mesh, medium mesh, large mesh, or XL mesh. The wire thickness is specific for each mesh.

Long necklaces —

the 94 AR necklace

Long necklaces

From the elegance of a single piece worn alone to the boldness of layering several together, the **Basiques necklaces** are simple ribbons of pure chainmail. At the heart of the collection and unchanged since the very beginning, these timeless pieces remain as popular as ever. Their coordinated lengths are designed to be layered together, adapting to every change of style and mood.

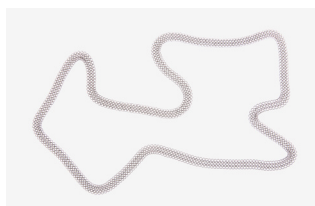

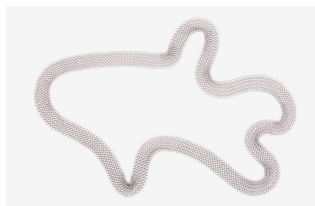

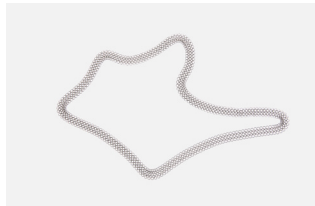

The **Basiques XL** necklaces are made with our largest chainmail (12mm rings) — a bold, graphic statement.

The **One necklaces** (a single row of chainmail, large or XL, with clasp) adjust to exactly the length you want, with the option of a fine chain trailing down the back. They pair beautifully with the Basique pieces.

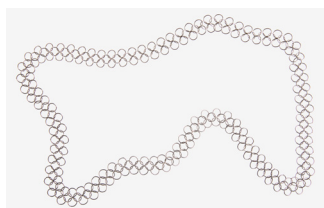

Rosmary offers a geometric, floral motif whose popularity never fades.

The **Y necklace** traces a line of great purity, where simplicity meet elegance.

Packaging: All our long necklaces come with a pouch. The XL and gold-finish long necklaces also come with a presentation box. For additional packaging, see page 27.

Rosmary Light necklaces

Short necklaces —

B choker

short necklaces

New! Introducing our chokers.

Graphic, contemporary jewellery that suits every silhouette.

The **Lou 1 choker** is a minimal ribbon in fine chainmail; **Lou 2** repeats the same design in a wider mesh. Simply beautiful.

The **Rosmary choker** carries the same geometric and floral motifs as the rest of the collection — we love pairing it with the long Rosmary necklace.

The **B choker**, like every piece in this collection, is worked in a beautifully wide, fine mesh. Truly elegant.

The **One necklace** can be worn as a choker, with a delicate chain trailing down the back, or as a classic necklace - the choice is yours.

Pascale created the **B necklace** in 2011 for Agnès b. Designed for the fashion designer, this piece offers a singular interpretation of fine chainmail. Its dense, tightly worked pattern reveals the full suppleness of the material, and its naturally draping fall has made it one of our signature pieces.

The **Zoé necklace** is made of our very light medium mesh. It can be worn closer to or further from the neck. This collection also features matching bracelet and earrings.

All our designs are adjustable thanks to a 10cm chain.

Packaging: Our short necklaces come with a pouch. The B necklace also comes with a presentation box.
For additional packaging, see page 27.

Collection Rosmary, choker and necklace, Light finish

parures
—

Parure Koru, AR

parures

Exceptional pieces where chainmail reveals its full potential.

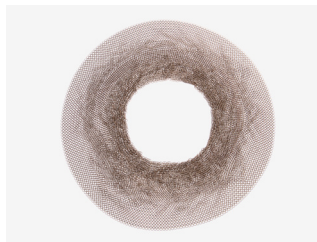

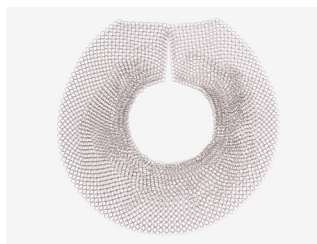

Koru is a recent creation inspired by medieval parures.

Wide, closed ribbons, the T necklaces are classics we have followed since the very beginning of the collection. They never go out of style.

The **T1 necklace**, in wide mesh, can have its neckline worn centred, offset to one side, or like a very reasonable Peter Pan-collar.

The **T2 necklace**, in fine mesh, seduces with its fullness and fluidity. It reveals, with delicacy, the subtleties of our Nuances finish, a gradient of tones running from blond to copper*.

Particularly lightweight in the Titanium version, its colour can range from vivid blue to brownish violet, varying from one batch to the next, and even within a single piece. Please, let us know your preferences, we will do our best to accommodate them.

* **Nuances finish:** each Nuance is unique; limited editions.

to tie as you wish

140 AR necklace

To tie as you wish

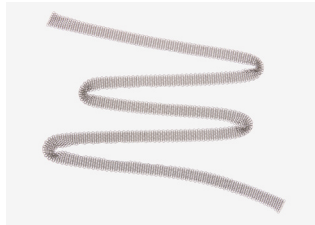

Necktie, belt or long necklace? These long ribbons of chainmail simply tie, however you like.

The **140 belt / necklace** is one of the foundational pieces of the collection. Its name comes from its length in centimetres. Worn as a necktie, as a long necklace, or knotted around the waist, it offers multiple possibilities. A 210cm version is available on request, in the same finishes.

The brand-new **Belle necktie** is a spectacular piece — its name came naturally.

Finer and more discreet, the **137 necktie** brings a touch of light. Lightweight, it can be worn however you like.

Reworked in chainmail, the classic fringed **scarf** becomes a truly unique jewellery piece, with guaranteed impact. It is available in two widths in stainless steel, and in a wide version only in titanium (photo on the last page). Sumptuous.

earrings
—

05 AR earring

earrings

Subtle touches of chainmail or sculptural creations, discover no fewer than 14 earring styles, designed for both everyday wear and special occasions.

Stainless steel, bronze or titanium: the materials and finishes match the rest of the collection, making it easy to put together a harmonious set.

The easiest to wear: the **05 earrings**, in fine mesh, available in every finish, matching the Basique long necklaces.

The firm favourite: the **Lou L earrings**, a bestseller, in wide mesh and gold finish only.

The newcomer: the **One XS earrings**, which take up the spirit of the One collection (a single row) in fine mesh.

The most striking: the **T2 earrings** (wide mesh) and **T3 earrings** (XL mesh), in a generous format.

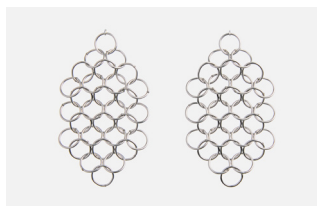

The most refined: the **B Longue** and **B Triangle earrings**, in tightly worked fine mesh.

The lightest and most fluid: the **Zoé earrings**, in medium mesh.

For more details on each model, visit our website.

The earring findings are in gold-plated, silver-plated or copper-plated brass. These jewellery treatments comply with skin-contact safety standards. Some models are also available with clips, in silver and gold finishes. For technical and aesthetic reasons, not every model is available in every finish.

Our earrings are sold in pairs.

One XS 05 earring

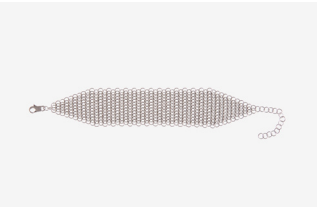

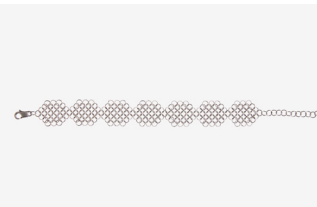

bracelets

Rosmary bracelet

bracelets

The **Basique cuff** simply slips over the hand, dressing the wrist with all the strength and sensuality of pure material. We love it so much that we offer it in a wide range of sizes, including, to the delight of the gentlemen, large sizes. See our cuff guide and sizing advice*. Our Titanium finish varies from one batch to the next, ranging from vivid blue to brownish violet, sometimes with striking colour blends. Please let us know your preferences, we will do our best to accommodate them.

The **other bracelets** are fitted with a clasp and adjust to different wrists and preferences. Worn close to the wrist or loose, fitted or draped, they showcase the collection's different mesh types, motifs and finishes.

Accessories

Whether an everyday touch of chainmail or an exceptional piece, each accessory in the collection tells its own story. All are designed for the sheer pleasure of pure material.

The **Basique ring** celebrates simplicity itself. Wonderfully understated, it is available in 3 sizes, in the AR finish only.

The **pouch bag** and the **top**, both seamless, are remarkable pieces. True jewellery.

The **glasses chain** answers a longstanding request from our best customers.

The **keyring** leaves no one indifferent — its touch invites you to keep your hands busy, at the risk of catching a few envious glances.

Tracassin? These are small, soft pebbles of chainmail, made to soothe away life's little worries — to knead, contemplate, or simply adopt as a comforting companion. Made from our chainmail offcuts, each one is always slightly different from the last.

Headbands are back! A jewel for the hair, available in 2 widths — wear it sixties-style, or however you please.

Packaging: All accessories come with a presentation box. Keyrings and glasses chains come with a pouch only. For additional packaging, see page 27.

packaging

packaging

Every piece comes with its pouch and/or box.
Full packaging details are given throughout this catalogue.

Additional boxes are available to order:

Boîte n° 1	PACK/BOX-01	2,80 € HT
Boîte n° 2	PACK/BOX-02	4,00 € HT

General terms of sale

Minimum order: €500 excl. VAT.
Re-orders: €300 excl. VAT. Delivery charges extra.

Payment by bank transfer against pro forma invoice, prior to shipment. Charges may apply for other payment methods and for international transfers.

Pascale Lion reserves the right to change its prices at any time. Products are invoiced at the rates in effect at the time the order is registered.

Delivery times are stated on the pro forma invoice. We aim to keep the full collection in stock; in the event of a stock shortage or a special order, lead times range from 10 days to 12 weeks.

An order is confirmed once the offer (pro forma invoice) has been accepted and payment received. Parcels are prepared and dispatched within an average of 3 to 5 working days, starting from the working day following order confirmation. Our pro forma invoices clearly state shipping costs, via Colissimo or DHL. Clients may also arrange their own carrier, at their own cost and risk.

Any complaint regarding goods received must be reported within 3 days of delivery. After this period, no claims will be accepted. Any damage to packaging must be reported to the carrier immediately; otherwise, no claim can be considered.

Returns or exchanges are accepted within 14 days. Products - unworn - must be returned in their original packaging. Return shipping costs are the buyer's expense. Once the returned parcel has been received, a refund will be issued for the returned item(s), or, in the case of an exchange, replacement items will be dispatched.

Variations in colour from one production run to another, or within a single piece, are normal and cannot be the subject of a claim. Slight dimensional variations are common, due to the natural tolerances of the materials and our artisanal manufacturing processes.

Recommended cleaning (unless otherwise stated): warm soapy water and gentle drying. The composition of the jewellery and its finishes are detailed in the catalogue and on pascalleion.com. Contact with cosmetic or cleaning products should be avoided. Store jewellery pieces separately, in the pouch or box provided.

Each piece is supplied with its packaging and an individual care card, which includes an important warning that must be passed on to the end client: **«Long necklaces and belts are highly resistant. Do not wear them where they could get caught (during sport or while using a machine). Do not allow young children to play with them.»**

Placing an order implies acceptance of these terms and conditions.
